Easy Stationery Labelling

A guide to labelling your Year 6 stationery
Labelling Books

By putting subject labels in the corners of the front cover, you are able to find the book you’re looking for without having to get everything out of the tidy tray.

The placement of the label depends on which way the books are stacked in the tidy tray.

Make sure your name is at the **TOP** of each book. Preferably in the top right corner. Ensure it is clearly visible.
Labelling Books

Year 6 Books:
- **Health** (and on the reverse side of the same book) **Christian Studies**
- **English** (X2)
- **Science**
- **Humanities and Social Sciences** (x2)
- **Homework** (x2)
- **Maths** (x2 graph/grid books)

- **Send anything else labelled with your name but not subject**
Label all stationery with your name on paper stuck down with tape or name stickers. Make sure each one is clearly visible. Please do not use permanent marker on items of frequent use, as it rubs off. It is fine on calculators and rubbers.

You may choose to bring items you used in Year 5. Please ensure these are in good working order and *without graffiti*. 
Spare Stationery

Please bring all spare/extra stationery to school in an old pencil case or zip-lock bag.

You can then access your extra pencils and other stationery whenever needed.

Please provide a suitable Art Shirt, well named.
Now everything is in place and ready for use.

Please ensure headphones are included and labelled. These are an essential item yet are often misplaced and then it is hard to identify the owner.
